

**Result of the sticky notes poll at the open public forum on the
East Capitol Avenue Urban Renewal Plan conducted January 10, 2017**

At the public forum citizens were given the opportunity to place sticky notes on a photo of the property or properties they thought should be addressed first as the Urban Renewal Plan is implemented. The poll is not binding on the Housing Authority but is being used as an indication of public views.

Only properties identified in yellow on the acquisition map were part of the poll. The map can be found at http://www.jeffersoncitymo.gov/P&Z_and_BOA_postings/E%20Capitol%20Ave%20URP-website%20posting.pdf on the last page. Results are shown only for properties that got at least one vote. First entry is raw number of votes. Number in parenthesis is the ranking based on highest to lowest vote for properties that got 5 votes or more.
